### **About the DC Design House**

The Washington, DC Design House, a 501(c)3 nonprofit entity, began in 2008 as a unique design show house event for the DC Metro area in which top area designers showcased their talents into a “flowing design home” to raise funds for a local charity. What began as a single event goal to raise funds for Children's National Health System, formerly Children's National Medical Center, has developed into the region's foremost annual residential design attraction and as a leading annual fundraiser event for Children's National Health System. Established by business partners and husband-and-wife founders Skip and Debbie Singleton, Principals of DC Living Real

Estate, LLC, in partnership with an all volunteer team of sponsors, organizers, regional media, design industry manufacturers and some of the nation's most awarded and widely recognized designers, the DC Design House has quickly earned a following with more than 70,000 visitors and more than \$1.5 million raised for Children's National Health System over the last eight years. The tradition continues with the 2016 DC Design House. For more information, visit [www.dcdesignhouse.com](http://www.dcdesignhouse.com), [Facebook](#) and [Twitter](#).

### **About Children's National Health System**

Children's National Health System, based in Washington, DC, has been serving the nation's children since 1870. Children's National is Magnet® designated and was ranked among the top 10 pediatric hospitals by U.S. News & World Report 2015-16. Home to the Children's Research Institute and the Sheikh Zayed Institute for Pediatric Surgical Innovation, Children's National is one of the nation's top NIH-funded pediatric institutions. With a community-based pediatric network, seven regional outpatient centers, an ambulatory surgery center, two emergency rooms, an acute care hospital, and collaborations throughout the region, Children's National is recognized for its expertise and innovation in pediatric care and as an advocate for all children. With support provided through philanthropy, the experts of Children's National develop therapies, find cures, and improve children's health in our community, across the nation, and around the world.
